

Aġġornament fuq ix-xogħol ta' manutenzjoni fuq il-bejt tal-knisja

Bħalma tafu f'Awwissu beda x-xogħol fuq il-bejt tal-knisja biex jinbidel il-membrane tal-qatran l-antik u jsir kollu ġdid taħt it-tmexxija tal-perit tagħna u skont id-direttivi tas-Sovrintendenza tal-Wirt Kulturali u l-indikazzjonijiet ta' esperti mill-Italja u diversi voluntiera ta' esperjenza f'dan ix-xogħol. Sa ftit ġimgħat ilu sakemm kienet għadha s-sħana, ma tantx stajna naħdmu minħabba l-qilla tax-xemx, iżda issa li t-temp friska x-xogħol mexa ħafna 'l quddiem. Minħabba l-possibilità tax-xita

qegħdin naħdmu x-xogħol biċċa biċċa. Kull sezzjoni żgħira tiġi l-ewwel imnaddfa tajjeb mill-qatran, u mbagħad jiġu msewwija x-xquq u t-tifrik li jkun hemm fid-deffun l-antik tal-knisja. F'xi partijiet kellhom jitneħħew u jinbidlu wires u pajpijiet tal-ħadid li kienu mirduma fil-bejt u spiċċaw bis-sadid. Kull riparazzjoni qed issir b'materjali apposta minflok is-siment jew it-torba li ġieli ntużat matul iż-żmien biex jitgħattew ċertu ħsarat. Wara din il-biċċa xogħol li tiegħu ħafna ħin, kull sezzjoni li titlesta tiġi trattata biex tilqa' għax-xita, ħalli mbagħad meta jintemm dan ix-xogħol ta' tindif u tiswija, jiġi applikat il-liquid membrane f'darbtejn u b'xibka apposta.

Dalwaqt naslu nofs triq f'dan il-proġett tant siewi. U sadanittant niegħu l-opportunità niringrazzja lill-voluntiera kollha li qed jgħinu fix-xogħol manwali u dawk kollha li flimkien mal-Kunsill Lokali tan-Nadur ingħaqdu f'tim ċkejken imma ddedikat li għenuna ħafna biex niġbru l-fondi meħtieġa. Għalkemm għad baqa' min f'dawn il-ġranet xtaq iwassal l-offerta tiegħu, bi pjaċir inħabbrilkom li s-somma li ngābret issa qabżet it-€30,000. Fil-ġimgħat li ġejjin inkunu nistgħu noħorgu rendikont aktar iddettaljat. Grazzi mill-qalb.

Update on the maintenance work on the church roof

As you know, work on the church roof began in August to replace the old tar membrane and install a completely new one, under the direction of our architect and in accordance with the directives of the Superintendence of Cultural Heritage, as well as the recommendations of experts from Italy and several volunteers with experience in this type of work. Until a few weeks ago, while the weather was still very hot, we were unable to work very much because of the intense heat and sun. However, now that the weather has cooled, the work has progressed considerably. Because of the possibility of rain, we are carrying out the work section by section. Each small section is first thoroughly cleaned of the old tar. The

cracks and damaged areas in the old concrete roof of the church are then repaired. In some parts, wires and iron pipes that had been buried in the roof and had become rusty had to be removed and replaced. Every repair is being carried out using specially designed materials instead of cement or the traditional *torba* (a traditional roofing material) that had sometimes

been used over the years to cover certain damage. After this time-consuming work, each completed section is treated to protect it against rain. Then, once all the cleaning and repairs have been completed, the liquid membrane will be applied in two coats together with a special reinforcing mesh. We will soon reach the halfway point of this very important project. In the meantime, I would like to take this opportunity to thank all the volunteers who are helping with the manual work, as well as everyone who, together with the Nadur Local Council, joined a small but dedicated team that has helped us greatly in raising the funds needed. Although there are still people who, in these days, would like to make their contribution, I am pleased to announce that the amount collected has now exceeded €30,000. In the coming weeks, we will be able to publish a more detailed financial report. Thank you all.

An invitation to charity in October. During this month, a food collection is being organised in the church by the Caritas group of Nadur for those who are experiencing poverty in our own country. As in previous years, you can help by leaving preserves, coffee, tea, biscuits, long-life milk, juices, pasta, oil, cleaning products and other long-lasting items in the baskets beside the main doors of the church. Thank you wholeheartedly for the help you have always given us.

Collection for the Missions. An envelope is being delivered with this bulletin, serving as an invitation for you to place your donation inside. You may bring it to the Parish Office or place it in the collection during Mass throughout this week. Then, during the Saturday evening Mass and the Masses on Sunday, 18 October, the collection will go towards the Missions.

General cleaning at the Divine Mercy Cemetery in preparation for the month of November. Following the completion of some works on the steps and walls of the cemetery, and now that a new water distribution system is nearing completion, we would like to carry out a thorough cleaning of the areas planted with trees and plants so that this cherished place will have a more cared-for and beautiful appearance. We invite you to join us on Saturday, 24 October, from 8:00am onwards. Thank you for your cooperation.
