The Renovations of the Parish Hall Continue

Now that the kitchen, equipped with modern facilities, has been completed for the Parish Hall, we are looking forward to showing you the improvement and renovation works currently being carried out in the hall.

Our aim is to have a more beautiful, modern and accessible hall for everyone by next Christmas, so that it can be used by all the associations and groups within our parish.

This project is being managed by the Dun Frangisk Grima Association, thanks to funding from the Gozo V.O. Scheme launched by the Ministry for Gozo.

The improvements will include new lighting, a ceiling fitted with acoustic panels to absorb noise, and a new audiovisual system.

Here we have an AI-generated image showing how we would like the Parish Hall to look once the work is completed.
